SciWorld

PUPIL FREE DAY - MONDAY 29th April

During term 1 our children had been loving our inquiry line in our weekly program and therefore today we welcome SciWorld to run a one stop show celebrating everything SCIENCE. Children will witness chemical reactions, energy changes, explore forces and so much more! With lots of WOW science demonstrations, students will see rockets, fire, explosions and amazing demonstrations. Then afterwards try your hands at various STEM challenges, both inside and outside.
